Before I trusted Christ:

Why did I not trust Christ

because I had everything going my way
SATON and I were doing just fine.
We were making a lot of money and
selling a lot of Drugs. We were
committing adultery and killing unwanted
babies. "Just One", "Boy does that hurt"!
I was on a Roll just caring about my
Self. Things were qPeste.

One night the hood
wanted ~~to~~ get my attention and
he did. I was making a deal with a
friend and a DEA agent. Well of
course I didn't know the DEA was a
DEA misw. But he knew he wanted
me. But you see I was nt supose to
be there. I was supose to be in a
treat ment center. ²⁵ "I think the hood
wanted to grab my attention before I went
into treatment". Which he did, you

How I trusted Christ:

See I was ready to run to that
Treatment Center 4000 mile away
from home in 60° weather - I got on
my knees in that jail cell and ask the
hoed to come in save me. Well he
did, "He got me a release to go to
treatment. After 3 mos. I gave my life
to the hoed and this time he started work
on me and my problems, the weight on
my shoulders were lifted off and I
felt great. I have been more happy
the past 15 mos. then I have been in 20
years. Now I have been in treatment
the past 19 mos. plus Prison, but I would
not give it back if I could. You see since
then my family, 5 out of 6 are saved were
I can honestly say maybe just one may have
been before these 19 mos. that have passed. My
(DAD) father is in prison ministry and marriage coun-
seling - He has put my life together with a
good job and the love for my daughters and
family like I have never know -

Since I've trusted Christ: It's easy to trust when you have a God and Lord that can't and doesn't lie. He won't forsake you nor leave you. He loves us so that he gave his only son. He has showed me a new way to live and mirrored in my own life. I have not had a drink not even a line of coke. I'm my Part I use to have one or the other ever day or even both. Both would happen suddenly on Wednesday thru Sunday. My x-girlfriend who I love. Has left me and had a baby with another man. The burden I would of not been able to handle 19 mos ago. Today I am happy this has happen, know I can ask God to send me someone he once ~~to~~ ^{me} to be with. a cushion.
